CROWN & CURIOSITY

LUCINA K

Cat Cork Pet

Solid American pewter · Changeable wine cork · Sculpted in Florida

A favorite bottle is soon emptied, but the cork can be kept: a small record of a wedding, an anniversary, a birthday, or an ordinary evening worth remembering.

This Cat Cork Pet is sculpted by artist Lori Strickland and made in Florida, in solid American pewter, lead and cadmium free. The cat pulls apart so the cork can be changed, and a new memory set in its place.

It is part of the Vino Menagerie collection, and arrives in a Vino Menagerie gift box with a removable wine cork and the artist bio card. It measures about 3 inches long, 2.5 inches tall, and 1 inch wide.

A little pewter cat, ready to keep a good bottle's memory close.
